COOKING SATHROOM **W PETS 而 TRASH REMOVES ODORS SCIENTIFICALLY**

Using the newest proprietary technology we have scientifically formulated our candles to eliminate offensive odors instead of just masking them. In fact, research has shown to out perform all other malodor abatement technologies on the market today.

Dianne's Custom Candles Odor Eliminating candles features an exclusive and premium blended wax that we have poured into each one of our high-quality candles along with our top-selling consumer favorite fragrances.

We then hand trim every lead-free cotton wick giving each candle the longest lasting and freshest smelling fragrance, making homes smell fresh and clean.

SOME COMMENTS **FROM OUR FOLLOWERS**

"I love the smell and how it actually takes bad smells like cooking and such out of the air! This candle is better than the well known candles I've tried! I can't believe how great the smell is! Love this brand!"

"Finally a candle that is actually scented well and after burning this candle for a bit it totally gets that stink out! Bought more expensive candles and was disappointed. Will buy more from this brand!"

"BEST CANDLE EVER! I can say I feel like I'm a candle expert. I have bought every candle under the sun that states "Odor Eliminating" and they haven't worked how I thought they would. These candles are excellent buy these candles!"

"My boyfriend cooked up some bacon and it stunk up the whole house. Perfect time to test out the candles I purchased. I was SHOCKED to find the scent eliminated all of that bacon smell! The scent is strong, burns slow, and it smells great! 100% recommend"
